The Best in Business Presents

The OCBA Speakers' Bureau

A Free Educational Service to County Businesses, Organizations and Residents

Is your organization looking for dynamic speakers and timely, relevant information?

OCBA's "Best in Business" Speakers' Bureau offers an exciting and diverse range of topics—from the fun (vacation hotspots and gardening) to the practical (home renovations and fraud protection).

How it Works

Small panels of three to five experts—all business owners in Ocean County—present to your group. Each presentation includes a Q&A session and lasts approximately one hour.

Who We Are

Founded in 1980, the Ocean County Business Association is one of the Jersey Shore's original networking and referral organizations. Its members represent more than 70 professions throughout the county.

What it Costs

These programs are part of OCBA's ongoing commitment to education and outreach. They are free to all Ocean County businesses and residents.
